SUPPLEMENTARY QUESTIONS QUESTIONS – These questions and the patient declaration are optional and your answers will not affect your entitlement to register or receive services from your GP.

PATIENT DECLARATION for all patients who are not ordinarily resident in the UK

Anybody in England can register with a GP practice and receive free medical care from that practice.

However, if you are not 'ordinarily resident' in the UK you may have to pay for NHS treatment outside of the GP practice. Being ordinarily resident broadly means living lawfully in the UK on a properly settled basis for the time being. In most cases, nationals of countries outside the European Economic Area must also have the status of 'indefinite leave to remain' in the UK.

Some services, such as diagnostic tests of suspected infectious diseases and any treatment of those diseases are free of charge to all people, while some groups who are not ordinarily resident here are exempt from all treatment charges.

More information on ordinary residence, exemptions and paying for NHS services can be found in the Visitor and Migrant patient leaflet, available from your GP practice.

You may be asked to provide proof of entitlement in order to receive free NHS treatment outside of the GP practice, otherwise you may be charged for your treatment. Even if you have to pay for a service, you will always be provided with any immediately necessary or urgent treatment, regardless of advance payment.

The information you give on this form will be used to assist in identifying your chargeable status, and may be shared, including with NHS secondary care organisations (e.g. hospitals) and NHS Digital, for the purposes of validation, invoicing and cost recovery. You may be contacted on behalf of the NHS to confirm any details you have provided.

Please tick one of the following boxes:

a) ☐ I understand that I may need to pay for NHS treatment outside of the GP practice

b) ☐ I understand I have a valid exemption from paying for NHS treatment outside of the GP practice. This includes for example, an EHIC, or payment of the Immigration Health Charge ("the Surcharge"), when accompanied by a valid visa. I can provide documents to support this when requested

c) ☐ I do not know my chargeable status

I declare that the information I give on this form is correct and complete. I understand that if it is not correct, appropriate action may be taken against me.

A parent/guardian should complete the form on behalf of a child under 16.

If you are visiting from another EEA country and do not hold a current EHIC (or Provisional Replacement Certificate (PRC))/S1, you may be billed for the cost of any treatment received outside of the GP practice, including at a hospital.

Please tick ☐ if you have an S1 (e.g. you are retiring to the UK or you have been posted here by your employer for work or you live in the UK but work in another EEA member state). **Please give your S1 form to the practice staff.**

How will your EHIC/PRC/S1 data be used? By using your EHIC or PRC for NHS treatment costs your EHIC or PRC data and GP appointment data will be shared with NHS secondary care (hospitals) and NHS Digital solely for the purposes of cost recovery. Your clinical data will not be shared in the cost recovery process.

Your EHIC, PRC or S1 information will be shared with The Department for Work and Pensions for the purpose of recovering your NHS costs from your home country.

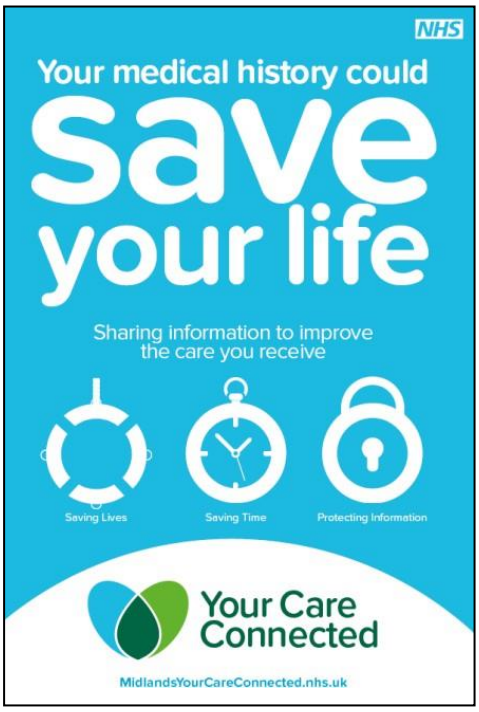
Your Care Connected

Website: www.MidlandsYourCareConnected.nhs.uk
Email: infoMidlandsYourCareConnected@nhs.net
Tel: 0333 150 3388 (Leave a voice message)

Your medical history could save your life

Your GP Practice is part of Your Care Connected (YCC), a potentially lifesaving NHS record sharing service, implemented across Birmingham, Sandwell and Solihull to provide better, safer care. If you need to attend a local hospital, YCC makes it possible for registered healthcare professionals caring for you to securely access important medical information from your GP record to provide you with better, safer care.



Your Care Connected will only be used to improve the care you receive when you visit one of the local NHS organisations across Birmingham, Sandwell and Solihull as listed on our website:

www.MidlandsYourCareConnected.nhs.uk

Your data will <u>not</u> be: extracted, stored elsewhere, used for research or marketing or sold to any other organisations. **If you opt-out of Your Care Connected, it will also automatically stop your record being shared for any other local record sharing projects** (for example, GP practice to practice sharing for extended opening hours and seven day access).

Your information, your choice

If you are happy to take part:

You do not need to do anything if you are happy to have your information accessed using Your Care Connected. If you visit one of the organisations listed on our website, those treating you will ask for your permission to view your record to help improve the care you receive.

If you <u>do not</u> want your information shared:

You will need to 'opt-out'. This will mean <u>only</u> your GP practice will be able to access your record. To 'opt-out', please complete the form below and give this back to your practice. Your practice will then process your request to turn off record sharing.

Opt out form: Only complete if you <u>do not</u> want your information shared

Please complete this form in BLOCK CAPITALS if you do not want your information to be shared using Your Care Connected for the purpose of improving your direct care when visiting one of the participating NHS organisations. If you wish to opt out on behalf of a child or vulnerable adult, you must request this from their registered GP practice by using this form. However they may decline your request if they believe it is not in the best interests of the child or vulnerable adult in question.

Title:_____ Name:_____

Date of Birth:_____ (DD/MM/YYYY) Postcode:_____ NHS No._____ (if known)

I do not want my information to be shared via Your Care Connected. I understand that this may mean important information will not be available to those treating me when making decisions about my treatment in potentially urgent and life-threatening situations. I understand that by opting out of Your Care Connected I will also opt out of any other local sharing initiatives by default. I also understand that if I change my mind I can only opt back in by visiting my GP Practice.

Heath Street Health Centre

Dear sir/madam

Free latent tuberculosis (TB) testing and treatment

If you have ticked 3 yes boxes in the list, we would like to invite you to contact the surgery on 0121 389 1100 to arrange an appointment for a free latent TB blood test. Alternatively, bring the questionnaire in to the practice and the receptionist will arrange an appointment for you

This is an important test because, even if you feel well at the moment, you might have latent TB 'sleeping TB' which could make you ill in the future. If you do have latent TB, there is treatment to help protect you from getting ill from TB in the future.

We are inviting you because you recently arrived in England from a country where there is a lot of TB. This means you are more likely to have latent TB in your body without knowing it.

This is a different test to the chest x-ray you might have had to obtain your visa to come to the UK. The x-ray could only tell if you were ill with TB at the time – it did not show if you have latent TB, which could make you ill in future.

Your appointment will include a blood test and a few questions to understand your particular risks from TB. It will take about 10 minutes. The results of the test will be available within 2 weeks from Broadway Health. If the result is positive you will be offered the treatment and support you need to help prevent you becoming ill from TB in the future.

Latent TB testing and treatment is free and confidential. The results will not be shared outside the health service.

- The surgery telephone: 0121 389 1100

Accessible Information Needs Questionnaire

At *Heath Street Health Centre* we want to make sure that we give you information in a way that is clear to you, and to have on record any communication needs you might have.

The NHS Accessible Information Standard aims to ensure those patients and their carers who have a disability, impairment or sensory loss can receive access and understand information and that they receive professional communication support if they need it.

This questionnaire has been designed to give you the opportunity to inform us if you have any difficultly in reading or understanding the information that we send you and record your preferred way of communicating with the surgery and its staff.

	Question	Please tick	
1.	Do you have any communication or information needs which are related to a disability, impairment, sensory loss or learning disability?	Yes	
		No	
2.	When we write to you or contact you, do you need us to communicate in a particular way?	Yes	
		No	

If your answer is **no** to both questions one and two, **please sign and date** the form and return to the reception staff. If yes, please complete the rest of this form.

	Question	Answer
3.	What disability, impairment, sensory loss do you have that affects your communication or information needs?	

Please choose your preferred method for us to contact you with information, such as a letter to invite you in for a flu vaccination:

Method or Format	Please tick or provide details
Text (please confirm the number)	
Email (please confirm your email address)	
Braille	
Easy read document	
Other (please tell us what this is)	

Question	Please tick	
When you come into surgery for an appointment do you need a British Sign Language interpreter? (13O85)	Yes	
	No	
Can we share this information with other health and social care providers (for example if you needed to attend an outpatient clinic at hospital)?	Yes	
	No	

Thank you for completing this form, please return it to the reception. We will update your patient records so that every time you book an appointment or we need to contact you we will do so using your preferred method.

You can find more information about the NHS Accessible Information Standard on NHS England's website https://www.england.nhs.uk/ourwork/patients/accessibleinfo/
